<b>Body-Mind Centering® and Dance with Bonnie Bainbridge Cohen</b> This is a DVD of Bonnie’s workshop on Weight, Space and Time at the Dance & Body-Mind Centering® conference in Brussels, 2004. The DVD is 2 hours 45 minutes long and includes a question and answer session.	\$35		
<b>Advanced Developmental Videos</b> In these videos, Bonnie demonstrates the internal initiation of movement from the organs and from various structures of the brain, and how that initiation can be the foundation for integrated external movement through space. She also demonstrates hands-on work with individual seminar participants showing advanced principles of movement repatterning combining developmental movement with the support and initiation of the organs and brain. These tapes were produced specifically for BMC students and graduates who have experience with the Basic Neurological Patterns, the organs and the brain. They may also be helpful for others in the fields of somatic education and therapy who are exploring the relationship of the body systems to developmental movement or those who simply want to witness the subtle possibilities of advanced movement repatterning from a Body-Mind Centering® perspective.
